

## **Part of a Chain**

Performed by Robbo

My grandparents came before me, but that's just part of the story  
And before them were one hundred grandparents more  
And every generation, has built the Jewish nation  
They came before, l'dor va dor, they made me who I am

And I am a part of a chain made up of our people  
Yes I am a part of a chain... 4,000 years

Some people have tried to break it, they thought we could never take it  
But we fought back, and held on to who we are  
The torch is handed to me, I want the world to see  
I hold the light, it shines so bright, and I must pass it on

For I am a part of a chain made up of our people  
Yes I am a part of a chain... 4,000 years  
And I am a part of a chain made up of our people  
Yes I am a part of a chain... 4,000 years  
(Who am I to break it? Four thousand years  
Who am I to break it? Four thousand years)

### **Part of a Chain**
