First Place Winner
Unity Rap by Daniel F. from Tampa, Florida**

You know I like helping others all around town
Picking up trash and laughing at clowns

Let's all get together and make our goal
Come on every body because here we go

We make the world a better place by
Taking out the trash and washing our face

It makes the world go rrr round

Come on let's work as one to help each other
Like having your toast smuthered in butter

It makes the world go rrr round

If someone gets hurt just don't stand around
Help them and I'm sure it will make your mother ppp proud

And that's what makes the world go rrr round
