

Tomorrow Today

Performed by Rick Recht

Look at how far we've come
look at this community we've
built together as one
every action brings us closer to
the future we choose
we have vision
we can imagine
tomorrow today

Tomorrow today
where will we be
in the coming years
what change will we see

Tomorrow today
our dreams can come true
and every single step
is up to me and you
when we give
we will be strong
we can believe in

tomorrow today
Our tree of life has its roots
here today
the seeds we plant will bloom
for generations
and generations to come might
have the memories we have
we have vision
we can imagine
tomorrow today

Keep the candles burning
keep the commitment to
Jewish learning
keep the passion and the pride
in our parents eyes
a Promised Land we can
build for our children
to keep them safe
so we will survive
